

Protect yourself and others by getting the flu shot

It's flu season. Keep yourself and those around you healthy by getting the flu shot.

If you have mobility or other concerns and are unable to visit a doctor or pharmacy, you can receive a free flu shot from a Halton Region paramedic in your home.

Please call Halton Region Paramedic Services at 905-825-6000 x7663 and leave a message with your name, phone number and address.

A paramedic will follow up with your request within two business days.
